may have fine "far sight" but all people need the aid of glasses for reading and close work at some time in life. Do you find that you must hold your book or paper farther away than formerly? This is always a sure sign the eyes demand the aid of glasses. "When this time comes to you, that's the time for you to come to me."

The members will assemble at half past six o'clock and the parade with all of its accompanying horrors will start at seven.

SHRINERS' PARADE—The line of the Shriners' parade on Monday evening will be as follows: Start from the temple on South Center street at 7 p. m.; east on Washington to Third street; double back to Second; north on Second to Adams; west on Adams to First avenue; south to Washington; west on Washington to Second avenue; double back to Center, and south on Center to the temple.

This dinner is for the benefit of the Bible women whom they are supporting. All who want a good dinner at a reasonable price are invited to come to the church opposite the postoffice.

BUSINESS CONDITIONS IMPROVING—The Chicago Economist, one of the highest financial authorities of the country, in speaking of the complaints of the lessening volume of trade, in its

issue of Feb. 13, says: "Let us remember that the ordinary run of business is doing well, that production and consumption are moving along close together and that the consuming power of our people is as great as ever. If anything, the use of all sorts of commodities is greater than it should be. Bank clearings are running 35 per cent above those of a year ago and 18 per cent above outside the city of New York. The figures for January show for the whole country 24 per cent over the clearings of January, 1908." The deposits of the Chicago national and state banks, as reported to the controller of the currency on the evening of February 5, and to the auditor of the state of Illinois on the morning of February 6, 1909, were over \$790,000,000 against \$683,000,000 on February 15, 1908.

"A WOMAN OF SOCIETY"—Tonight for the first time in Phoenix, and for that matter for the first time this side of the Rocky mountains, the play that was a vehicle for Olga Nethersole, "A Woman of Society," will be presented at the Third Avenue theater. The manuscript came to the Streeter-Bryan company through the stage manager of Miss Nethersole, who is a particular friend of Morrie Streeter. The play is on the order of the drawing room plays of the day and is more or less a problem play, as they are called. At any rate, it will be of the better class and will undoubtedly be a first-class production, as the entire company has been rehearsing tirelessly.

DEATH OF NEBRASKA YOUTH—After an illness of three years from tuberculous troubles, Delos Slote, of Litchfield, Nebraska, died Thursday evening Feb. 19, 1909, having come to Phoenix less than a week ago, accompanied by his mother and brother. The young man had spent some time in Colorado and California to no avail and as a last resort journeyed from his Nebraska home, but his strength was too far spent and the change proved too great for his weakened condition. Delos Slote was born in Litchfield, Nebraska, and was 23 years of age, Sept. 15, 1908. He was the youngest son of James and Martha E. Slote and was besides his mother, five brothers and one sister, all of whom reside in Nebraska. The father having died seven years ago. Though not affiliated with any church, the lad was of an upright character, and one who made his mother his best friend. The remains will be taken home for interment, and Mrs. Slote and older son left last evening on the sad home journey, with the heartfelt sympathy of newly found friends of this city.

He has made many friends here, who deplore his untimely death. Mr. Morse is survived by a wife and a daughter a year and a half old. He was also attended in his last hours by the family of his father, Mr. W. Morse, who came here a short time ago chiefly on account of his son's illness, but who are so greatly pleased with local conditions that it is likely they will remain and make Phoenix their home. The funeral will be held this afternoon at 4 o'clock in the parlors of Mohn & Driscoll and will be conducted by Mrs. Gosard and Mrs. Garesche, Christian Science readers.

WISCONSIN VISITOR—H. F. Washburne, principal in one of the city schools of Milwaukee, arrived here on Friday and left yesterday for Roosevelt, solely to inspect the big dam and its collateral projects. Mr. Washburne expects to prepare a series of five lectures on Arizona, one of which will be on the Roosevelt dam, and all of which will be delivered in his home city and eastern Minnesota, eastern Iowa and northern Illinois. The lectures will be illustrated by motion pictures, which will be furnished by a company engaged in their manufacture and the original of which will be taken by a representative of the company expected here soon. These lectures are in harmony with the modern educational plans of the Milwaukee schools. Certain of the educators are designated each year to prepare free lectures to be given in the schools, and later by an understanding the same lectures are given elsewhere in the territory indicated.

Afraid of Ghosts

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to size equal to its terror it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe, the water we drink.

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a sallow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or habit-forming drugs. All its ingredients printed on its outside wrapper. It is not a secret nostrum but a medicine known composition and with a record of 40 years of cures. Accept no substitute—there is nothing "just as good." Ask your neighbors.
